Imagine a health benefit that costs you nothing, but could save your family a bundle.

Presenting Gallagher Perks partnership with SingleCare. The innovative new way to save money on healthcare services.

SingleCare is a nationwide organization that's making health services more affordable for everyone.

With a free SingleCare account, you get great discounts on prescriptions, dental services, vision care, and video doctor visits.

This is not insurance. So there are no premiums, no subscription fees, and no unexpected costs. Just the opportunity to save a lot of money.

We think you should be in control of your healthcare purchases. And we think shopping for health services should be as simple as shopping for everything else you buy.

With SingleCare, there are no surprises and no commitments. You'll see the price on our website before you ever make an appointment or set foot in a pharmacy. With our upfront pricing, there's no guesswork, no sticker shock—you'll know what you owe before you go.

gallagherperks.singlecare.com

One card. Lots of ways to save.

With premiums and deductibles on the rise, SingleCare is a great way to reduce your out-of-pocket costs.

Use our website or app to shop for FDA approved drugs and see which pharmacy offers the lowest cost – then use your SingleCare card to get that price.

For dental and vision services, you can compare costs for providers all around you. Book your appointment through SingleCare, and you'll automatically get the discounted rate.

Even if you have insurance, SingleCare prices are often lower, so you'll want to check our prices whenever you need care or a prescription.

Easy to use. Simple to save

- Our user-friendly website makes it easy to compare prices and schedule an appointment. Our app means you'll have us with you wherever you go. And with a U.S. based call center, you'll love our customer support.

- With SingleCare, you pay only for the services you use.

- SingleCare is hassle-free, restriction-free, commitment-free and paper-free. You'll find discounts at tens of thousands of pharmacies and providers coast to coast.

- Since your SingleCare account is free, you have nothing to lose. But quite a bit to gain.

Every week, more than 50,000 new members start using SingleCare to save money on prescriptions and healthcare services.

With numbers like that, we're obviously doing something very, very right. Find out what millions have discovered at gallagherperks.singlecare.com

The sooner you get to know SingleCare, the sooner you start to save.

Prescriptions - Save up to 80%

Use SingleCare for prescriptions when:

- Your insurance doesn't cover prescriptions
- Your prescription is subject to a deductible
- The medication is non-formulary, and not covered by insurance
- Your copay is higher than the SingleCare price

Vision - Save up to 75%

Use SingleCare for vision care when:

- You don't have vision coverage
- You're looking for a better price than your vision plan offers
- You've maxed out your benefit for glasses or contacts
- Your plan covers exams, but not eyewear
- **You want to save $800 on LASIK surgery**

Dental - Save up to 55%

Use SingleCare for dental services when:

- You don't have dental insurance
- You've reached your annual benefit maximum
- Your insurance has a waiting period for major dental work
- You need adult orthodontics
- You have a child who's reached their maximum benefit

Video Doctor Visits - Only $45 a Visit

Use SingleCare for video doctor visits when:

- You only want to spend $45 to see a doctor
- It's a hassle to get to an urgent care or other walk-in clinic
- You get sick while traveling
- You need to see a doctor on after hours or on the weekend
- Your insurance doesn't cover video visits, or charges a higher price

A revolutionary new way to shop for health services, with complete price transparency – this is anything but healthcare as usual.

Because SingleCare prices are often your least expensive option, we encourage you to compare prices every time you need a prescription to ensure you're making the best financial decision.

Frequently Asked Questions

What is SingleCare?

Simply put, we're a company dedicated to helping you reduce your out-of-pocket costs for health services. Whether it's about a life-saving drug or a routine dental visit, we think you should be able to get the care you need without worrying about pre-approvals, deductibles, or limits in coverage.

Is SingleCare Insurance?

No. SingleCare is not insurance. There are no monthly premiums or membership fees. But by contracting with providers nationwide, we're able to offer the kind of prices typically available only through insurance networks. In fact, in many cases, the SingleCare price will be less than your insurance copay.

**What are the advantages of using your free SingleCare card?**

Oh, there are lots of them. SingleCare gives you complete price transparency for every service you might get from a SingleCare provider. You can see the cost of prescriptions and services on our website prior to making any decisions, and since we're not insurance or subscription-based, you pay only for the services you buy.

If I have insurance, can I still use SingleCare?

Absolutely. In fact, it's always smart to compare SingleCare prices to your insurance copay and do what makes sense for your budget. Simply choose to pay through SingleCare instead of your insurance, and you'll get the SingleCare discount.

Lower prices than insurance without paying premiums? What's the catch?

Well, for you, there is no catch. We get a small fee from providers and pharmacies. And because we're such a popular new way to buy healthcare services, we've been able to negotiate some very substantial discounts, which we pass on to you. We only make money when you save money.

SingleCare - no cost, no commitment. Just great savings.
